The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw. The painter I have employed is delighted with it. He says that he can paint twice as fast, and at the same time do a better job, with the Knamel Paint than any other paint he ever used. I can therefore without hesitation recommend it to the public as one of the very best articles of paint ever introduced.

It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and oures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System.
